Students do not need to record their prep time, but please ensure that the student begins their video with a statement that the recording is being made for the 2022 WFCA online state tournament.

### **Round 2**

DUBAI, United Arab Emirates (AP) — Yemen's Houthi rebels this week struck the same oil storage tank in the Saudi Arabian city of Jiddah they had previously hit two years ago. That's according to satellite photos by Planet Labs PBC. The photos were analyzed by The Associated Press on Tuesday. They show the damage on Sunday to the North Jiddah Bulk Plant, which sits just southeast of the city's international airport. The airport is crucial for Muslim pilgrims heading to Mecca. That exact same storage tank owned by the state oil behemoth Saudi Aramco was hit by what the Houthis described as a cruise missile in a November 2020 attack.

KYIV, Ukraine (AP) — Ukraine says its forces retook a strategically important suburb of Kyiv, as Russia squeezed other areas near the capital and their attack on the embattled southern port of Mariupol raged unabated. While Russian forces carried on with the siege of Mariupol Tuesday after its defenders refused demands to surrender, the Kremlin's ground offensive in other parts of the country advanced slowly or not at all. Russian President Vladimir Putin's forces are increasingly concentrating their air power and artillery on Ukraine's cities and the civilians living there. The U.N. says the invasion has driven more than 10 million people from their homes. Of those, more than 3.5 million have left Ukraine.

BERLIN (AP) — Germany's parliament has paid tribute to Boris Romanchenko, who survived several Nazi concentration camps during World War II but was killed last week during an attack in the Ukrainian city of Kharkiv. He was 96. The Buchenwald concentration camp memorial said Romanchenko, who survived Buchenwald as well as camps at Peenemuende, Dora and Bergen-Belsen, was killed on Friday. Romanchenko was vice president of the International Buchenwald-Dora Committee. Opening a session of Germany's parliament on Tuesday, the deputy speaker paid tribute to Romanchenko, who was taken to Germany as a forced laborer in 1942. Lawmakers held a moment of silence in memory of him and other victims of the war.

WUZHOU, China (AP) — Mud-stained wallets and bank cards are among personal effects found on a mountainside where 132 lives were presumed lost when a China Eastern plane inexplicably fell from the sky and burst into a fireball. Video clips show small pieces of the plane and exposed earth where the plane crashed, but no survivors have been found. Family members gathered at the destination and departure airports, as investigators looked into why the Boeing 737-800 made a steep dive shortly before it would have begun its descent to land. The search for the black boxes holding the flight data and cockpit voice recorders will be difficult at the remote site accessible only by foot or motorcycle.

MOSCOW (AP) — Russian opposition leader Alexei Navalny has been convicted of fraud and contempt of court and sentenced to nine years in a maximum security prison. A judge also ruled Tuesday that Navalny would have to pay a fine of 1.2 million rubles (about \$11,500). Navalny is currently serving another prison sentence of 2 1/2 years in a prison colony east of Moscow. His associates have said the new trial was intended to keep Navalny, President Vladimir Putin's longtime foe, behind bars for as long as possible. Navalny has rejected the charges as bogus.

DALLAS (AP) — Officials say multiple tornadoes ripped through parts of Texas and Oklahoma, causing injuries and widespread damage. The storm system is poised to move into Louisiana and Mississippi on Tuesday, and forecasters say more tornadoes were expected. Several tornadoes were reported Monday in Texas along the Interstate 35 corridor, particularly in the Austin suburbs of Round Rock and Elgin. The storm system also spawned tornadoes in an area north-northwest of Dallas-Fort Worth, and in the southern Oklahoma town of Kingston. At least four people were injured Monday in Texas. By Tuesday morning, the system was bringing heavy rainfall and thunderstorms to parts of Texas and Arkansas. Later Tuesday, tornadoes are predicted in Louisiana and southern Mississippi.

MADISON, Wis. (AP) — A Dane County supervisor wants to eliminate the Pledge of Allegiance from county board meetings, claiming the recitation is divisive. Heidi Wegleitner has proposed removing the pledge as well as the word “prayer” from the board rules, which are currently undergoing a biannual redraft. The board's executive committee will consider Wegleitner's proposal at a meeting Thursday, although newly elected supervisors would have the final say following the April 5 election. Wegleitner said she looked into which area governmental bodies recite the pledge at the start of meetings and found an inconsistency to whether it was done. Municipalities that don't have the pledge on their agendas include Madison and Waunakee.

MADISON, Wis. (AP) — A Wisconsin father is demanding that prosecutors charge an off-duty police officer who appears to have briefly pressed his knee into his 12-year-old daughter's neck similar to how Derek Chauvin restrained George Floyd. Surveillance video appears to show off-duty Kenosha Police Officer Shawn Guetschow press his knee into Jerrel Perez's daughter's neck for about 25 seconds while he was breaking up a fight at her middle school on March 4. Perez has threatened to sue and has demanded prosecutors charge Guetschow, posting photos on Facebook of Guetschow on top of his daughter next to a photo of Chauvin restraining Floyd. Wisconsin law discourages chokeholds but doesn't provide any penalties and several legal experts say Guetschow's use of force appears reasonable.

PEWAUKEE, Wis. (AP) — No one was hurt after a Canadian Pacific cargo train derailed Saturday morning while traveling through Pewaukee. The derailment happened about 6:37 a.m. near Somerset Lane and Parkside Road in the city of Pewaukee. No injuries, power outages, private property or environmental damage has been reported. As the train slowed to a stop, a boxcar derailed from the track, causing one tanker and seven additional boxcars to derail. Only one of the derailed boxcars was hauling freight; the other boxcars and the tanker were empty. The derailment blocked portions of Parkside Road, restricting access to homes there. The incident remains under investigation.

MINNEAPOLIS (AP) — The Minnesota Vikings and free agent outside linebacker Za'Darius Smith have agreed to contract terms. Smith gets a three-year deal worth \$42 million with incentives that can push the value to \$47 million. He gives the Vikings a pass-rushing boost after being released by the rival Packers last week. Smith was a Pro Bowl pick in 2019 and 2020 with a combined 26 sacks in 32 sacks. He played in only one game last season because of a back injury.

NEW YORK (AP) — The NBA has fined Jusuf Nurkic of the Portland Trail Blazers \$40,000 for confronting a fan at a game in Indiana and throwing the person's cellphone. The incident happened shortly after Sunday's game between the Blazers and the Pacers. Nurkic approached the fan and walked within a few inches of the person before grabbing the person's cellphone and tossing it into nearby seats. It was not clear what preceded the incident. A security guard walked between Nurkic and the fan after the phone was tossed. That's when the Blazers' center walked away.

GREEN BAY, Wis. (AP) — The Green Bay Packers have signed punter Pat O'Donnell as an apparent replacement for Corey Bojorquez. Bojorquez is an unrestricted free agent. The 31-year-old O'Donnell has spent the past eight seasons with the Chicago Bears. He has a career gross punting average of 45.1 yards and a net average of 39.3. His net average ranks first in Bears history. O'Donnell played all 17 games for the Bears last season and posted a gross average of 46.2 yards and a net average of 38.5. Bojorquez finished the 2021 season with a gross punting average of 46.5 yards.

MATINICUS ISLAND, Maine (AP) — No culture canceled here, for sure. A tiny library on an island off the Maine coast is promoting itself as a haven for banned books. The library is on Matinicus Island, 22 miles off the coast. And it's dedicated to collecting and loaning out books that have been banned because of their content or themes. Among the titles on the shelves are “And Tango Makes Three,” the story of two male penguins raising a chick together. Others are classics like Harper Lee's “To Kill a Mockingbird,” “The Handmaid’s Tale” by Margaret Atwood and “The Grapes of Wrath” by John Steinbeck.

CLANTON, Ala. (AP) — The sheriff's office in Alabama's Chilton County says this theft sets the mark in the heavyweight category. Authorities say a man called a wrecker service to pull a 70-ton crane from the woods. The towing service says the man seeking the tow said the crane was given to him — and he wanted it moved so he could sell it for scrap. The wrecker recalled moving the same crane years ago and asked that customer, who denied giving it away. So, the tow operator called police. The man who wanted the crane moved had fled the scene before authorities arrived, but not before running the crane into a ditch. The suspect was arrested on a probation violation and first-degree theft charges.
