

Proposal to amend the WFCB Constitutional Bylaws

West Bend High Schools would like to propose the following amendment to the WFCB Constitutional Bylaws:

Amend Article II, section I of the bylaws to read: "All forensic coaches of any Wisconsin or surrounding state high school shall be eligible for membership. *In a situation where two schools share one building, the schools may combine to compete as one school, using their total population to determine the divisions at the State Tournament.* Upon payment of the annual dues, all the forensic coaches of the school receive membership standing. Each school will be allowed one vote in the legislative body."

Respectfully submitted by David Wyatt, West Bend High Schools

IF THIS FAILS:

Proposal for the continuation of West Bend to compete as one school in the WFCB.

This year, West Bend East and West Bend West competed as one entity. This did not interfere with other programs, or allow West Bend to become a "powerhouse", but instead allowed the program to thrive and flourish as one team. It was a successful endeavor and one we would like to continue. Therefore, *if the proposal to allow schools that share a building to compete as one team, West Bend proposes that they be allowed to continue to compete under the title West Bend United, through the 2025-2026 forensics season.*

Respectfully submitted by David Wyatt, West Bend High Schools
